MIGUEL QUESADA MARTÍNEZ

PROFESSIONAL PROFILE

Senior Full Stack Developer with extensive experience in multiple programming languages, acquired over more than 25 years of experience, as well as SQL Server, MySQL, and PostgreSQL databases and Linux and Windows servers. I have also led development projects in enterprise environments in Brazil.

Focused on code efficiency, scalable architecture, and performance optimization, I combine strong technical skills with soft skills, making me adept at working both independently and as part of a team, depending on the needs of the project..
